

WARNING:

This fixture is intended for installation in accordance with the National Electrical Code (NEC) and all local code specifications. If you are not familiar with code requirements, installation by a certified electrician is recommended.

CAUTION: To prevent shock, only plug in lamp after lamp assembly is complete.

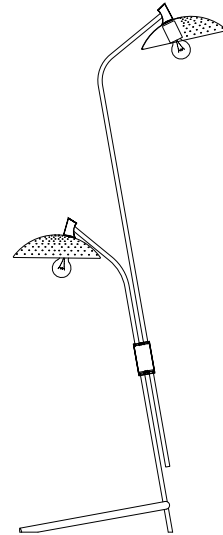

WARNING: This portable lamp has a polarized plug (one blade is wider than the other). As a safety feature, this plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not attempt to work around this safety feature.

Before assembly, remove all parts and part packages from box. If anything is missing, please contact the retailer from which the product was purchased.

ANY QUESTIONS CALL: 800-613-3261
M-F 8:00AM-6:00PM ET

ITEM#: D4653

1. Pull lamp cord from lamp base (B). Make sure lamp cord is pulled taut.
2. Lower lamp body (A) down onto top of lamp base (B).
3. From underside of plate on top of lamp base (B), thread screw (C) up into plate and into bottom of lamp body (A). Tighten screw (C) to secure lamp body (A) to lamp base (B).
4. Screw threaded end of stem (D) into hole in plate on top of lamp base (B).
5. Insert recommended bulbs (not included) into sockets. **WARNING:** Verify correct bulb wattage marked on socket of lamp. DO NOT exceed maximum bulb wattage.
