

WARNING:

This fixture is intended for installation in accordance with the National Electrical Code (NEC) and all local code specifications. If you are not familiar with code requirements, installation by a certified electrician is recommended.

CAUTION: To prevent shock, only plug in lamp after lamp assembly is complete.

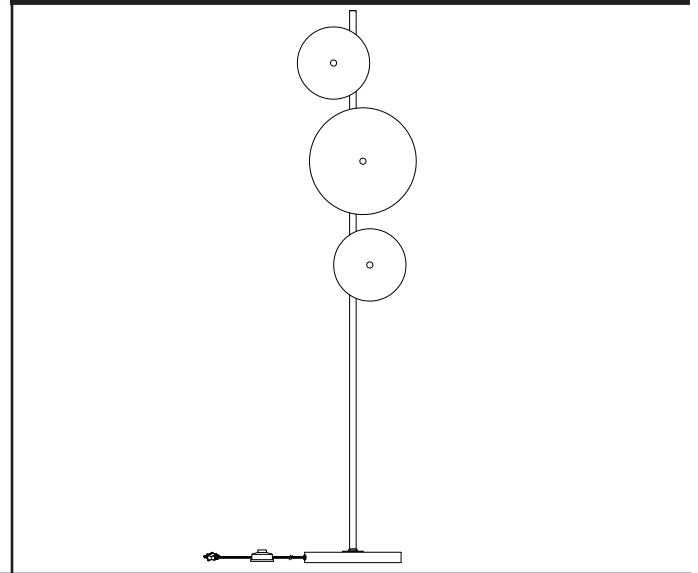

WARNING: This portable lamp has a polarized plug (one blade is wider than the other). As a safety feature, this plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not attempt to work around this safety feature.

Before assembly, remove all parts and part packages from box. If anything is missing, please contact the retailer from which the product was purchased.

ANY QUESTIONS CALL: 800-613-3261
M-F 8:30AM-5:00PM ET

ITEM#: H019-7254

1. Pull lamp cord from lamp base (H). Make sure lamp cord is pulled taut.
2. Thread bottom segment (C) of lamp body onto threaded pipe on top of lamp base (H). Keep lamp cord pulled taut.
CAUTION: DO NOT pinch lamp cord between bottom segment (C) of lamp body and lamp base (H).
3. Thread middle segment (B) of lamp body into top of bottom segment (C). Keep lamp cord pulled taut.
CAUTION: DO NOT pinch lamp cord between middle segment (B) and bottom segment (C) of lamp body.
4. Thread top segment (A) of lamp body into top of middle segment (B). Keep lamp cord pulled taut.
CAUTION: DO NOT pinch lamp cord between top segment (A) and middle segment (B) of lamp body.
5. To install bottom marble disk (D): Slip one metal washer, then one plastic washer over end of bottom arm on lamp body. Carefully slip hole in center of marble disk (D) over end of bottom arm. Slip second plastic washer over end of bottom arm protruding from center of marble disk (D). Screw finial (G) onto end of bottom arm. Tighten finial (G) to secure marble disk (D) in place. DO NOT over tighten.
6. To install large metal disk (E): Slip one metal washer over end of center arm on lamp body. Carefully slip hole in center of large disk (E) over end of center arm. Screw finial (G) onto end of center arm. Tighten finial (G) to secure large disk (E) in place. DO NOT over tighten.
7. To install small metal disk (F): Slip one metal washer over end of top arm on lamp body. Carefully slip hole in center of small disk (F) over end of top arm. Screw finial (G) onto end of top arm. Tighten finial (G) to secure small disk (F) in place. DO NOT over tighten.
8. Insert recommended bulb (not included) into socket.
WARNING: Verify correct bulb wattage marked on socket of lamp. DO NOT exceed maximum lamp wattage.
